

**STATE OF NORTH CAROLINA
DEPARTMENT OF INFORMATION TECHNOLOGY (DIT)
STATEWIDE IT PROCUREMENT OFFICE**

Statewide IT Contract Number 725T – SIP Trunking Services

Bid / Solicitation Number ITS-006491

Contract Award Type MANDATORY

Current Effective Dates November 6, 2020 through November 5, 2023

Contract Administrator Monica Olsen
Email: Monica.Olsen@nc.gov
Tel: 919-754-6673

DIT Program Manager Keith Blackley
Email: Keith.Blackley@nc.gov
Tel: 919-754-6284

Scope

The scope of this contract is limited to the State's normal requirements for comprehensive IP based telecommunications access services using the Session Initiation Protocol (SIP). Use of the SIP protocol for purposes of this contract is limited to IP based PSTN access services within the State of NC and SIP based hosted VOIP services for government agencies located within NC.

This contract is a **Mandatory Contract**, with approved exceptions, for the use of **Executive State Government Agencies** (and/or portions thereof) and a **Convenience Contract**, but not mandatory for all non-State Agencies as permitted by law. Such entities presently include the North Carolina University System and its member campuses, Instructional components of the Department of Public Instruction, Instructional components of the Department of Community Colleges, as well as local (municipal and county) governments.

Agencies with the need to acquire equipment/services not covered by this contract are required to follow the established Purchasing procedures of the Department of Information Technology (DIT).

Product Information and Pricing

All vendors under this contract can provide SIP based services for delivery of ingress and egress telephone call traffic to any wire center (Local exchange) throughout the State of NC. Such call traffic can consist of normal local exchange call traffic, outbound long distance, and inbound toll free call traffic. Vendors can provide access to their services via secure dedicated WAN connections or via the Internet. Users of SIP based services must be able to provide and maintain a suitable data network infrastructure and telephony infrastructure as deemed necessary to support this service. Pricing for the service is based on submission of a specific Statement of Work (SOW) on a case by case basis. Vendors on the contract may provide pricing as either a fixed price for guaranteed capacity or on a consumption based model.

In addition, amendments to the contract also allow agencies to solicit the provision of vendor network Hosted VOIP services. Such services may vary in scope based on the requestor's individual requirements, network, and location. Solicitation of such services also requires submission of a requestor specific SOW to the competing vendors. The SOW must provide specific details of the requestor's service requirements. Requests for SIP access and Hosted VOIP services can be accommodated in a single SOW. Prices for Hosted VOIP services vary based on features offered and/or number of subscribers. All billing for Hosted VOIP services are on a per seat subscription basis.

For additional information about the contract and service ordering, please go to www.siptrunking.nc.gov

Vendor Contact Information

Manufacturer Brand	Vendor Contact Information
AT&T	<u>AT&T</u> Macon Grissom 919-788-2418 Mq2662@att.com
CenturyLink	<u>CenturyLink</u> Christy Mostowy 919-569-8355 Christine.Mostowy@centurylink.com

Minimum Orders

There are no minimum order requirements on this contract.

Abnormal Quantity

There is no abnormal quantity amount on this contract. The State reserves the right; however, to negotiate lower than contract pricing on items purchased from this contract.

Transportation Charges

Goods (e.g. desk phones, gateways, etc.) shall be delivered to agency locations within the State of North Carolina **F.O.B. Destination**. Freight, handling, charges for pallets, charges for special shipping requirements, and distribution charges shall be included in the total price of each item.

Delivery

The delivery of services ordered must be delivered and installed if applicable within 90 days after receipt of purchase order.

Taxes

Prices shown do not include North Carolina sales or use taxes.

Service

Vendor should utilize best efforts to resolve service problems in a timely fashion through the use of acceptable servicing methods; to include but not be limited, to verbal problem analysis and remote diagnostics. This service/warranty requirement does not impose any additional duty on the State to make other than normal and good faith problem resolution efforts or expenditures of time.

In the event that a product needs to be shipped out for repair or replacement, the contract will provide shipping container (if required) and shipping instructions.

Warranty

Vendors warrant that the products furnished under this contract to fulfill Hosted VOIP service requirements shall be newly manufactured of good material and workmanship, free of defects, and covered by a manufacturer's warranty of no less than 90 days. Warranty shall include the replacement of defective products during the warranty period at no additional charge to the State.

Vendors warrant that SIP services provided under the contract meet contract terms for Service Level Availability and voice quality. Vendors also warrant the SIP services provided under this contract also meet State of NC data security standards as applicable.

Ordering

Orders will be placed throughout the contract period on an as-needed basis for the quantity required at the time, and will be issued directly to the respective Vendor or their designated suppliers/authorized dealers.

Vendors are required, upon request, to provide the user with catalogs, descriptive literature and/or web sites, and current net prices. This information is to be provided to the ordering agency within the time stipulated in the requestor SOW. Such information shall be provided at no charge.
